WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

Both the assignee Wireless Avionics LTD and myself were not aware of any maintenance fees due until last week, when we got a strange phone call from a patent attorney of one of our competitors

(referring to a possible patent infringement) claiming that our 6934515 patent had expired almost 2 years ago. We were **very** surprised as this patent must have been 100% Kosher to be officially for sale in the spring 2009 Ocean Tomo IP auction catalog. Checking in the USPTO website verified that the patent is indeed expired. We never got any (curtousy) notice of the due maintenance fee or even an official notice of expiration after the 6 months grace period. According to the documents filed in the USPTO database, especially the withdrawal and address change document filed by Caleb Polak (reg no 37,912) dated Sept 5 2006 enclosed here, the maintenance address **should have been** changed to POB 11381 Rosh Haain Israel, but apparently it was not done until today. The payment delay under these circumstances is therefore unavoidable.

We do not use the services of Pearl Cohen Zedek law office in NY since 2006 or any other attorney. We therefore made a small **self** web research to deduct that we need to pay **490\$** for the next 3.5 years (starting from Sept 2009) and **700\$** surcharge on the unavoidable delay. We do hope that the PTO-2038 and the credit card details will work out. Please let us know urgently of any problem and please update the maintenance address accordingly.

(Please attach additional sheets if additional space is needed)
